This communication is from:

Jieli Shirley Li, M.D., Ph.D.
Director, Clinical Pathology Services
Co-Director, Clinical Chemistry and Toxicology Laboratory

On behalf of:

Critical Care Laboratory (Main Lab)

Applicable to: OSUWMC, and The James Cancer Hospital

SUMMARY OF UPDATE

Please be advised of a **planned electrical outage** impacting the **Critical Care Laboratory (Main Lab)** on **Tuesday, June 16th, 2026**, from **8:00 AM to 12:00 PM**.

SCOPE OF IMPACT

During this outage, the following testing will be unavailable at the Main Lab:

- **Chemistry**
- **Immunochemistry**

STAT TESTING PLAN

All STAT Chemistry and Immunochemistry testing will be redirected to the James STAT Lab for the duration of the outage.

Routine testing will resume in the CCL Lab once power has been fully restored and systems are verified.

IMPORTANT NOTES

- Please plan accordingly when ordering time-sensitive testing during this window.
- We appreciate your flexibility and cooperation as Facilities complete this necessary work.
