

Point of Care Testing - BuckeyeLearn Reminder – Part 1

MEMO FROM THE POINT OF CARE TEAM

DATE: 06/01/2026

Prevent Glucose Meter Lockout Annual POC Competency Requirements Due June 30th, 2026

OVERVIEW

To maintain access to POC glucose meters, all testing personnel must complete BOTH of the following annual competency requirements by June 30, 2026:

- Successfully complete the Nova StatStrip Glucose Meter BuckeyeLearn course
- Title: **POC Nova StatStrip Glucose Meter Competency CY26**
- Perform and document two levels of glucose meter quality control using their own badge number

EFFECTIVE JULY 1, 2026

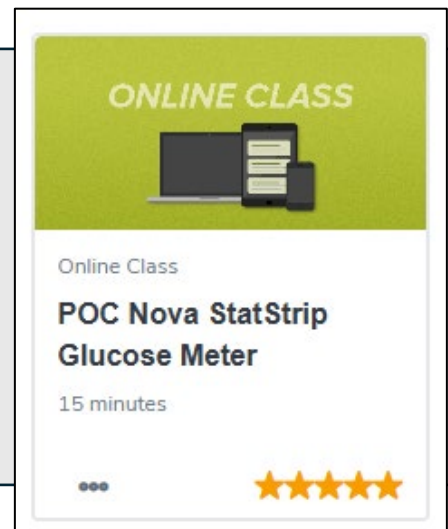

Testing personnel who have not completed both requirements will be automatically locked out of glucose meter testing access.

ACTION NEEDED: TESTING PERSONNEL

- Complete Nova StatStrip Glucose Meter BuckeyeLearn Course
- Perform two levels of glucose meter QC annually using your own badge number
- Complete all requirements by June 30, 2026

To regain access after lockout (after July 1st):

- Complete the BuckeyeLearn course
- Email path.glucose@osumc.edu with:
- Your 16-digit badge ID
- Testing location/unit

ACTION NEEDED: LEADERSHIP

- Remind staff to complete required annual competency requirements before June 30th, 2026
- Review BuckeyeLearn completion reports to ensure staff compliance.
